EIGHT ROADS ORDER CUTS IN WAGES

Three Systems in East and Five in West Announce Reductions

THOUSANDS AFFECTED

Y. Central's Plan Excludes Members of Big Four Brotherhoods—No Date For Conference.

New York, March 11.—Eight more ilroads yesterday joined in the ovement to revise wages started ednesday by the Pennsylvania. ousands of workers will be affected the reductions planned by the ds, three in the East, and five in e West.

Those in the East are the New rk Central, the New York, New aven and Hartford and the Philadel ia and Reading. Practically every d having headquarters in Chicago nounced its intention of following Pennsylvania's lead, the list inding Santa Fe, Chicago, Milwaukee d St. Paul, Chicago and Great stern, Chicago, Rock Island and cific and the Chicago and Northstern.

The reductions on the New York ntral and the New Haven, schedd for April 15, affect about 66,000 en all told, in addition to the 43,000 viously notified of like intention. the Philadelphia and Reading out 25,000 unskilled workers will included.

Dispatches from Chicago said that Western roads planning the rection first will hold conferences h employes and if the roads and rkers are unable to agree on the jections the disputes will be ard to the Railroad Labor Board.

The employes on the New York ntral and New Haven affected rank m office boys to chief clerks and ce foremen in all classes. The posed plan, however, does not inde men actually engaged in the eration on trains, telegraphers, stan agents and the higher executives The men for the most part affect are members of the shop crafts, ted as skilled men, and the cuts posed range from 5 cents an hour the case of office boys and messenrs to 13 cents an hour for mechan engaged on section work. The sent hourly wage for men rated mechanics is not less than 85 cents hour, so that the proposed mini- rate will not be less than 72 nts for this class.

This rate of 72 cents an hour is e rate prevailing for men carried mechanics prior to the award of Railroad Labor Board of July 20, 20. This award carried increases nging from 5 to 22 1-2 cents an ur and represented an increase in railroad labor bill of roughly 00,000,000.

It is now the intention of the railad managers to wipe out this inease in their wage bill and volunrily submit to a reduction in rates at will decrease their gross revees by a like amount, trusting to the crease in business lower rates will ing and economies in other lines to ing up net revenues to a point here railroad operation will be ofitable.

This cut of $600,000,000 a year is largest wage cut ever sought by American industry. With it goes proposal that the national agree nts made by the Railroad Administration and the railroad unions be olished permitting, according to neral W. W. Atterbury, spokesn for the roads, a saving of an ditional $300,000,000.

Failure to include the men in the g Four," brotherhoods, the engi- rs, trainmen, conductors and fire n, telegraphers, station agents higher executives in the notices ued was explained by a spokesman the roads as meaning that the mpanies proceeded to do every ng in order." He further exined that "no difficulty was exted with the brotherhoods, who unusually skilled men."

the notice no date is set for conences. Instead, the management rely gives notice that such confer- es are desired and says the heads the various departments will give ice of the time and place of the ting to which it desired the men representatives.

announcing the move the management of the Central gave out a statement declaring that the cuts are proposed in the interests of "the rate paying public and of general industry just as much as of the railroad."

The office of general suerintendent has been abolished, and officials holding this position have been demoted to the grade of superintendent, railway officials announced here last night. At the time of this action there were six general superintendents, two in New York, and one each in Albany, Buffalo, Cleveland and Chicago.

This step was a movement for a general demotion of railway officials of virtually all grades, it was stated. Although definite plans have not been formulated concerning the effect this demotion would have upon the newly created superintendents, officials stated that the duties usually devolving upon other officials who also have been lowered, will be consolidated with those of the superintendents. Most of the former general superintendents will be transferred from the cities where they are now stationed.

VIRGINIA MUST RAISE MORE FUNDS

Richmond, Va., March 12.—Failure of the bread grain crop and the devastation left in the wake of the Bolshevists have retarded improvement in the distressed condition among the starving children of eastern and central Europe which the European Relief Council under the chairmanship of Herbert Hoover has been striving to remedy.

Do Soto Fitz Gerald, State Treasurer for the Council's campaign in Virginia, has just received this information from Mr. Hoover, who urges renewed efforts to raise Virginia's quota for the campaign for $33,000,000 throughout the United States to care for 2,500,000 children until the next harvest. Mr. Fitz Gerald asks that contributions be sent to his office, 218 Mutual Building, Richmond. Prompt acknowledgment will be made by him of all donations.

Mr. Hoover's statement says that child feeding in Poland has steadily increased because of the Bolshevist destruction there until it is now necessary to care for 1,300,000 children. He also states that great poverty and hunger exist in the Baltic region and that the number to be fed there has increased sharply. It is also brought out in the statement that conditions in Austria have grown steadily worse and that a further increase is contemplated over the 300,000 Austrian children fed since September.

Virginia has not reached its quota in the campaign, although thirty-six states have reported to Mr. Hoover that all requested of them had been subscribed. All money will be spent for food and clothing which will be distributed to those in want with the lowest possible expense.

LLOYD GEORGE FACES ATTACK

His Agreement to Use Force Makes His Position Critical

NO ESCAPE SEEN

Opponents Call Lloyd George's Work a Complete Failure—French Not Optimistic

London, March 11.—The surrender of the London conference to the principle of using military forces to collect German indemnities brings Premier Lloyd George to the most critical point he has yet reached in his career as would be world pacifactor. Lord D'Abernon, his Ambassador to Berlin, remains unflinchingly opposed to the French ultimatum, and at one time on Sunday he had argued the Prime Minister over to his way of thinking that the Germans should be given more time to prepare counterpropositions instead of driving them into a corner under an impossible time limit.

Lloyd George's opponents call his work at the London conference a complete failure. Following the San Remo, Spa and Paris parleys, the Premier's reputation for political wizardry encouraged the expectation among his countrymen that he would evolve some way of fulfilling his promise to make Germany pay, if not "the last penny," at least something substantial toward meeting the outlay and losses of the Allies.

Both in Paris and London Lloyd George struggled in vain against the relentless domination of Premier Briand and the French military party In both instances, when it came to the touch, he surrendered bag and baggage. M. Briand made it plain at both conferences that if the French policy were repudiated France would take her own independent line of action and, face to face with this contingency, Premier George put up his hands.

He might have been prepared to take the responsibility of refusing to follow France but for the fact that it meant the sure defeat of his own Government by Tory votes in the House of Commons. Foreign Secretary Curzon, it also is believed, would have resigned forthwith and dissolution hardly could have been avoided.

There is good outhority for saying that even the French militarits' opinion is anything but optimistic that enforcement of the mlitary and economic sanctions will get money out of Germany, but it will satisfy the French policy when their failure affords a basis for still further coercion and greater extension of the occupied zone.

The enforcement of the 50 per cent, deductions from the value of German exports, the British Premier's own pet project, is not believed to be practicable except by means of a renewal of the blockade of Germany and even then Germany could defeat by stopping production.

This is the situation in which Mr. Lloyd George finds himself after two years of fruitless and bootless effort to enforce financial retribution against Germany on a scale which he was warned by both his own and American financial experts at the Peace Conference never could be made effective.

London, March 11.—The decisions of the Supreme Council were discussed in the Commons yesterday. Main interest centered in a duel between John Robert Clynes, Labor member and former Food Controller, and Premier Lloyd George.

Mr. Clynes in behalf of the Labor Party challenged the Premier's change of attitude in having previously declared that rearations were only possible and now agreeing to economic position and now agreeing to military coercion, a policy which could only mean greater unemployment, greater debt and greater taxation.

Mr. Clynes contended that the Allies acted precipitately in refusing to grant Germany delay to make fresh proposals; he thought they might have invoked the aid of the United States as arbiter in a matter of this kind.

Successful Play

Men's Bible Class of Trinity M. E. Church Give Performance

A comedy in three acts entitled "Lazy Bob Parkins" was given Tuesday night by the Men's Bible Class of Trinity M. E. Church in the lecture room of the church to a capacity audience. The cast of the play was made up of the young men and women of the church. J. Fred Birrell as director and due to his able instruction and the marked ability of all who took part the presentation would have done justice to professionals. It was admittedly one of the very best and most successful entertainments given by home talent in Alexandria in many years. R. T. Lucas was stage manager and William Cradlin was pianist.

The part of Lazy Bob Parkins was taken by George H. Hayden, jr., in admirable manner from start to finish. Mrs. Catherine Corsa was Eleanor Lamson, the attractive city girl who won the heart of Lazy Bob Parkins and transformed him from a life of shiftlessness to the proprietorship of the country store. Mrs. Corsa looked the part and did her work in most creditable manner. Walter Pierpoint played the role of the foppish ever pleasent city dude suitor of Eleanor Lamson in a most natural way. The work of Julian Upton, as Cal Watson, a clerk in the country store, and that of Joseph S. Orr as Sol Hofer, proprietor of the store, deserves special mention for the its merit and reality. Too much praise cannot be given Wm. P. Byrd for the way in which he took the part of Oliver Pomery, philisopher and charity subject. Robt. W. Thompson did fine work as Jotham Close, as did also Mrs. J. Upton as Mrs. Partlow and Mrs. Hirshman as Mrs. Plumley. One of the most important parts of the play was taken by Mrs. Hattie Embry as the mother of Henrietta Laxon. Mrs. Embry made the ideal mother who doted not so much on the physical charms of Henrietta as upon her character. Mrs. Linwood Simpson was Henrietta a coquettish country girl, a would be rival of Eleanor Lamson for the heart of handsome Bob Parkins. Both Mrs. Embry and Mrs. Simpson took their parts in a most natural and creditable manner. During the performance Miss Mazie Knight sang a beautiful solo that was heartily applauded by the audience. The audience also showed its appreciation of the fine work done by Miss Janie Kidwell in the play. The program would not have been complete without Leo Lyons and his minstrel quartette. the quartette was composed of Henry Dixon, Edward Corsa, Linwood Simpson and Compton Ailstock.

The costumes, jokes and songs of the minstrel kept the audience in a roar of laughter.

On account of the public demand, it was decided last night by the management to repeat the performance at an early date.

Following is the cast of characters: Lazy Bob Parkins, George H. Hayden, jr.; Cal Watson, Julian Upton; Eleanor Lamson, Mrs. Catherine Corsa, Sydney DeHaven, Walter Pierpoint; Sol Hofer, Joseph G. Orr; Jotham Close, Robert W. Thompson; Oliver Pomery, Wm. P. Byrd; Tots Robbins, Janie Kidwell; Jennie Lapham, Mazie Knight; Mrs. Plumley, Mrs. Hirshman; Mrs. Laxon, Mrs. Hattie Embry; Mrs. Partlow, Mrs. J. Upton, Henrietta Laxon, Mrs. Linwood Simpson.

SWEENEY ELECTED TO HEAD SCHOOLS

Unanimously Chosen Today By State Board of Education

FOUR YEAR TERM

Has Been Efficient Superintendent For Past Twelve Years—Congratulated on His Re-Election.

Capt. William H. Sweeney today was re-elected division superintendent of public schools for this city. The vote was unanimous, he receiving all six votes of the members comprising the state board of education on the first ballot.

The term he was chosen for is one of four years from July 1 next Capt. Sweeney has served for the past twelve years as superintendent of the schools of Alexandria and his splendid work and ability as an educator to handle schools was all that the state board of education needed to insure his re-election as they desire to continue the marked progress made by the Alexandria schools. The work of the pupils in the schools is a splendid evidence of his achievement. Since his induction into the office of the superintendency the school work has steadily increased and Capt. Sweeney has handled almost every angle in a most satisfactory manner.

After the election of Capt. Sweeney the state board adpoted a resolution setting forth that owing to the growth of Alexandria, teh city should have a supervisor of instruction with the title of assistant superintendent and they announced they are willing to make a liberal appropriation for this purpose.

The many friends of Capt. Sweeney when they learned of his reappointment early this afternoon felicitated him on his success.

Captain Sweeney has been an educator since his boyhood days and has given his undivided time and attention to his profession. After the closing of old St. John's Academy, which had been conducted by the late Rev. Richard L. Carne, Capt. Sweeney was elected a teacher in the public schools

His ability was at once recognized and he made rapid strides until he became the only logical candidate for superintendent upon the death of the late Kosciusco Kemper in 1910.

Capt. Sweeney is the fourth superintendent of public schools in this city. Richard L. Carne was the first superintendent. He was succeeded by his brother the late William F. Carne, during the readjuster republican regime 1879-1883, but upon the collapse of that party Richard L. Carne again became superintendent.

The latter resigned in the early part of the nineties when he was ordained a priest in the Catholic Church and the late Kosciusco Kemper was appointed on his place. Mr. Kemper held the position almost till the time of his death.

VISITING MINISTER

Rev. Richard W. Trapnell, of Wilmington, Del., to Preach at St. Paul's Sunday

The Rev. Richard W. Trapnell, of St. Andrews' Church, Wilmington, Del., will occupy the pulpit at St. Paul's Church Sunday morning.

St. Andrews's Church is located in the downtown business section of Wilmington, Del. Most of its parishioners having moved to other and newer residential sections of the city it was thought that it might be best to use it as a mission for another church in the residential part of the city.

At this time the Rev. Mr. Trapnell became its pastor and St. Andrew's has now the largest Episcopal congregation in Wilmington and its influence extends not only over that city but the contiguous territory.

This great work is due to the untiring energy and to the forceful and eloquent sermons of the rector. During Mr. Trapnell's pastorate one of his vestrymen has become an ordained minister and is now the assistant to his former pastor, in the great work of this church.

UNABLE TO AGREE JURY DISCHARGED

Stood 9 to 2 For Rejecting Will of L. M. Adams Is Report

SECOND TRIAL JULY 5

Fight Over Estate of $20,000 Left by Lewis M. Adams to His Brother Charles M. Adams

The jury in the Adams will case, a suit to set aside the will of the late Lewis M. Adams, was unable to reach an agreement and at 12:30 o'clock this afternoon was discharged by Judge Samuel G. Brent who presided in the circuit court where the case was heard.

According to reports the jury, which was composed of eleven members, stood nine for rejecting the instrument and two in favor of sustaining it.

Immediately after the jury came in and announced its inability to reach an agreement Judge Brent fixed upon July 5 to again hear the case, and a special jury will be summoned.

Suit to break the instrument was instituted by Mrs. Frankine Ristine and Miss Sallie J. Adams, the latter through her next friend, Mrs. Mittie V. Adams, daughters of the late Frank M. Adams, who are nieces of the testator.

It was alleged by the testators that the will was not in the hand writing of the testator and not signed by him. This was why the experts in handwriting were called by both sides.

Lewis M. Adams left an estate valued at about $20,000, which he bequeathed to his brother, Charles M. Adams.

Lewis M. Adams died November 21, 1920, and the will is dated September 10, 1920.

The contestants were represented by Attorneys Smith and Woolls and the will was represented by Judge J. K. M. Norton.

This case was given to the jury shortly before 4 o'clock yesterday afternoon and at 5:30 o'clock the jury had not reached an agreement and and was released till 10 o'clock this morning by Judge Brent.

At 10:30 o'clock, A. S. Donighan, foreman, announced to the court the inability of the jury to get together on the case and Judge Brent again sent the jury back hoping they might reach an agreement. At 12:30 o'clock they were dismissed.

To Argue Rate Case

Interstate Commerce Commission to Hear Arguments April 20 on W.-Va., Fare Boost

Oral arguments will be heard by the Interstate Commerce Commission April 20 beginning at 10.30 o'clock on the fare boost of the Washington Virginia Railway. The trolley company asks to increase its fare beteen this city and Washington and on all other points of its line. Testimony was heard before Commissioner Maddey the latter part of February. A decision in the case probably will be handed down by the commission early in May. The commission, as heretofore stated in the Gazette, postponed the new tariff applied for by the company till June 13. This, therefore means, that whether or not the trolley company obtains an increase it will not become effective till June 13.

TO-DAY'S THOUGHT. It is indeed a desirable thing to be well descended, but the glory belongs to our ancestors.
Plutarch.

Department of Education. The United States is the only great nation in the world without a Department of Education. The Bureau having that subject in charge is merely a statistical organization with no powers of original jurisdiction. Even Mexico, Santo Domingo, and other small Latin-American countries have their ministers of Education whose functions entitle them to cabinet positions, and who exercise a general supervision of the education of youth. The Smith-Towner Bill, now before Congress, seeks to establish in the United States a Department of Education. It provides for a Secretary of the Department, who shall have a place in the president's cabinet. It provides for an appropriation of 100 million dollars for general apportionment among the states It also provides for an appropriation of $7,500,000 for the removal of illiteracy. When we consider the fact that of the 2,400,000 young men who were drafted during the recent war, 700,000, or nearly 30 per cent, were unable to read or write, the importance of this last provision can be readily understood.

The fact that this country occupies today a secondary position among the civilized nations in educational matters, is due in part, to this very lack of a Department at Washington with original jurisdiction and initiative.

We hope this bill will pass the present Congress.

More Funds Needed. The Near East Relief Fund in Virginia needs more funds to complete the quota allotted to this state. Thirty-six states have already completed their pro rata, and it is to be hoped that Virginia will not fall behind. 1,300,000 children are now being cared for, and if ever a work of mercy was more worthy in this world we have no heard of it. A little self denial on the part of each of us, a little longer wearing of old clothes, a luxury foregone for a week or two, and we will give to some little hungry waif of humanity the bread that means life itself. Let us give what we can. Many a little will make the mickle that is so sorely needed among the children whom the cruelties of war have left to starve and perish.

SPORTS

This will wind up the basketball season for the local boys.

The Destroyer A. C. is planning to put a champion nine on the field this year. Sunday they will have a light work out. All players are requested to report for practice at the high school grounds.

At Armory Hall at 8:15 o'clock tonight, the Dreadnaughts start their last home game this season. The Bliss Electrical School will return here and engage the Dreadnaughts to determine the game played last week The visitors will have the best in the schools of Washington and are coming 100 strong.

Tomorrow night the "D's" close their season in Washington at the Y. M. C. A. when they meet the Arrows. A crowd of fans will accompany the locals over, and it is hoped we can close the season with only two defeats, a record of which one more team in the country can boast.

The Hague, March 11.—According to the Reval correspondent of the Rotterdam Maasbode, Russian radicals recently deported from the United State are playing a prominent part in the new revolution in Russia. This correspondent asserts the deported Russians had great expectations of Russia, but were bitterly disappointed when they found, he say, that the Communistic regime represented nothing but a sentence to an indefinite term of hard labor without adequate food."

Every day messages come to us complimenting us upon our courage and determined stand with respect to prices.

Farley's ***"Back to the good old prices"*** policy certainly made a hit with people who have suffered from high prices.

One of our old customers, a woman, writes us:

> "Dear Mr. Farley: I want to thank you for the splendid coat you sold my daughter. It is beautiful and only about half what I feared I would have to pay."
>
> A man came into the store—selected a suit—asked the price—we told him—he answered: I'll take it, this is a better suit at a better price than I got in 1915. You certainly have gone back to ***"good old prices."***

These are but two instances out of many and they show that ***whatever Farley says is so.***

Is your own outfit complete?

Isn't there something you would like to have, right now, to complete your wardrobe?

If you want the latest style—Farley has it.

If you want quality—Farley has that too.

Dog Hero Gives Life in Saving Master's Bank

Chicago, March 11.—"Lion," a clumsy Great Dane dog, fulfilled his destiny yesterday. He laid down his life for his master.

There is intense grief among the hundreds of children in Taylor St., whose daily playmate "Lion" has been for the last eight years. He was owned by Leonardo Malone, who operates a nexchange bank at 602 Taylor street.

Yesterday three men dashed up in an automobile and entered the bank. They forced Malone to throw up his hands. The Great Dane knew something was wrong. He leaped at the man nearest him and fastened his great jaws on the robber's arm. The other bandits turned from Malone and riddled the dog's body with bullets from their automatics. His 155 pounds of loyalty crumpled to the floor and the robbers fled.

"I would rather have lost the whole bank than that dog," said Malone when the police arrived.

The children of the neighborhood plan to give him a hero's burial.

Austria Ordered to Surrender All Military Material at Once

Vienna, March 11.—A demand for immediate delivery of all the military material not yet surrendered under the treaty of St. German was made by the Allied representatives here yesterday, and it is understood the Cabinet agreed to comply with the demand unreservedly.

It is believed the action of the Allied representatives was inspired by the German situation, coupled with the long delay in delivery and the more or less passive resistance to this feature of the treaty.

Star Cast

Little Ben Alexander is one of a big special cast in that powerful screen production, "The Turn in The Road." This little six-year old chap only enters the production along about the third reel but he actually "steals" the leading role. He creeps into the hearts of the audience even more strongly than he did in D. W. Griffith's production, "Hearts of the World."

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia).

Wilson Tribute to be $500,000 Fund for Humanity Prize

New York, March 11.—The nation wide tribute to Woodrow Wilson which has been proposed by a number of his admirers, both men and women, will probably take the form of a $500,000 fund to be contributed in small amounts, the interest on which will be devoted to rewarding the one who during the year has done the greatest service to humanity. The nature of the service for which the award will be made is to be defined by Mr. Wilson, who has been told of the project and has expressed himself as deeply appreciative of the honor paid him and of the purpose for which the money is to be used.

The idea originated with women admirers of Mr. Wilson, those who worked in the last campaign to gain support for the League of Nations, and who believe that in this and in his other service to the country during his term of office Mr. Wilson served humanity as have few other men. They interested others, and the plan in the last few weeks has taken fairly definite form.

Leopard Cannot Change Spots

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

TWO WOMEN KEEP SECRET FOR SAKE OF ANOTHER

Buffalo, March 11.—Elizabeth Morely, of Jamestown, testifying in a suit brought by her sister, Flora Smith, of that city, for a divorce from Lewis Smith, said she saw the defendant and a woman, not his wife, in their home, at Celeron, New York, in 1908, when Mrs. Smith was out shopping.

"Smith got down on his hands and knees and begged me not to tell his wife and I didn't until he deserted her and went went back to England," said Miss Morely.

Florence Peterson said she called for Mrs. Smith one day in the fall of 1900 and found Mr. Smith w... a woman on his lap.

"He asked me no tto tell his wi... and I didn't, as I did not wish t... make trouble," said Miss Peterso... "After he left her I told her what I knew."

Judge Cole, who heard the ca... told Mrs. Smith's lawyers to pr... pare findings for an interlocuto... decree of divorce.

LAWYER TRIES SUICIDE

New York, March 11.—His skull fractured, William R. Miller, 36, a lawyer of Cleveland, who came to New York a month ago with his wife to consult specialists for his nervous trouble, was found lying on the sidewalk near his rooms early yesterday.

A revolver containing one spent cartridge and no empty shells was found by his side. In his rooms were found two notes, one unsigned and reading:

"Gentlemen: Despondency, caused by ill-health, the reason."

The other was signed "Bill," and addressed apparently to his wife. The second note also intimated suicide.

At the Bellevue Hospital it was said he probably would recover.

TOOK CHASCO-VIN FOR NERVOUS BREAK-DOWN

Mrs. Luck Keck, in the Cabinet department of the Victor Talking Machine Co., told the other day how she had been troubled with a nervous break-down and a generally run-down system, "Until I took Chasco-Vin, she said, I was wretchedly nervous and felt poorly all the time. I did not sleep well and was in bad shape. I read about Chasco-Vin in one of the papers and now I have taken three bottles with wonderful results. It brought back my appetite and I sleep well and feel fine and have no nervousness at all. Chasco-Vin is a wonderful medicine which I will always praise."

There is only one Chasco-Vin agency in Alexandria, Edgar Warfield, jr., corner King and Pitt Sts.
